§48-3-2

2.9. Independent coal truck driver certification.

- Independent coal mine truck drivers who possess an independent coal truck driver's certification are not required to complete the approved surface mining (40 hours) or underground (80 hours) apprenticeship program nor must they possess a coal miner's certification in order to drive a coal truck on mine property.
- To obtain an independent coal truck driver's certificate, a prospective independent coal truck driver must possess a first-aid card, a valid driver's license, and must successfully complete an eight (8) hour training course, prescribed by the Board of Miner Training, Education, and Certification prior to taking the examination. Successful completion means a score of at least 80 percent.
- Persons who possess an independent coal truck driver's certification are limited to driving coal trucks while on mine property and are not to engage in reclamation work or other mining activities. This experience will not be applicable toward a miner's certificate.
